

Industrial Advisory

Beca Service Offering

**make
everyday
better.**

Industrial Advisory: Do you know that feeling when everything clicks?

Isn't it incredible when technical excellence meets human ingenuity? **That's the rich seam where Beca's Industrial Advisory team shines.** We're not just a name on a business card; we're a team of passionate professionals who bring a personal touch to every challenge and opportunity.

Navigating Tomorrow's Challenges Today

At Beca, we understand that the minerals and metals industry is not just about the resources extracted from the earth - it's about the enduring legacy we leave for the communities and environments we touch. Our Industrial Advisory team embodies this philosophy, offering strategic insights that drive growth and sustainable progress.

Industrial Advisory Services: Because Exceptional is Just the Beginning

Do you know that feeling when everything clicks? That's the aim of our Industrial Advisory services. We don't just solve problems; we reinvent how they're approached.

► Performance:

Imagine identifying your bottlenecks and reducing costs not just by a fraction but significantly. That's what our data-driven strategies and innovative problem-solving can do.

► Transformation:

Need a change? We're talking about the kind that resonates through your entire operation, backed by a team as invested in your success as you are.

► Operational Excellence:

What if your operations and maintenance weren't just a checklist but a strategic asset? We see beyond the immediate, enhancing the safety, longevity and performance of your operations.

► Project Excellence:

Have you ever thought, "There has to be a better way to manage this"? There is, and we've got it down to a science. We work as an integrated project team to help you deliver your improvement initiatives.

► Sustainability and Digital Transformation: Not Just Buzzwords

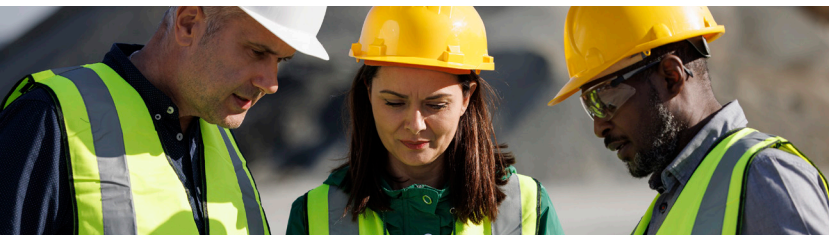

What does it really mean to be sustainable and digitally advanced? For us, it's about delivering solutions that stand the test of time and technology, solutions that care for our planet and communities and propel your business forward.

When to Seek Our Industrial Advisory: The Strategic Pivot

What's the sign that it's time for Beca's Industrial Advisory services? It's when new management steps in, when the industry shakes up, or when growth becomes more than just a target. It's when you face a problem that's a bit too complex. That's your cue.

Why Beca: Real Stories, Real Success

It's one thing to talk about potential; it's another to show it in action. Our 'roll-up-your-sleeves' attitude and commitment to delivering results are, well, nothing short of incredible. Check our latest referrals below.

In short, Beca's Industrial Advisory team is more than a service provider; we're your partner in carving out success that resonates on a human level.

We make things happen

Beca stands apart by not only recognising growth opportunities but also crafting bespoke strategies to seize them. Our team is dedicated to delivering actionable insights that catalyse our clients' transition into the future of their operations and beyond.

Unearthing Hidden Potential

We've heard your feedback. Some of Beca's most innovative capabilities have flown under the radar, and we're here to shine a light on them. Each client's landscape is unique, requiring a tailored approach. That's why our services are not just extensive but also customisable. We work in close collaboration with you to align our Industrial Advisory services with your specific goals and challenges. Alongside our full suite of services, our Industrial Advisory services extend beyond traditional consultancy to include:

1 Strategic Planning and Scoping:

All our projects start with a project charter where we meticulously assess your needs, objectives, risks and challenges to develop a comprehensive scope tailored to your unique circumstances. Through strategic planning, we lay the groundwork for effective decision-making and sustainable growth.

2 Participative Approach:

We believe in fostering collaboration and engaging stakeholders at every stage of our Industrial Advisory process. We prioritise hearing from all voices by promoting inclusivity and transparency, which leads to more robust solutions and buy-in from key stakeholders.

3 Risk Management:

Mitigating risks is paramount to achieving success in today's dynamic business landscape. Our Industrial Advisory services include thorough risk assessments and proactive strategies to identify, evaluate, and address potential threats, working to safeguard your organisation's interests and enhance resilience.

4 Hands-On Implementation Support:

We don't just stop at recommendations; we begin hands-on and actively support you in implementing solutions. Whether it's streamlining processes, optimising workflows, or developing new initiatives, our team provides practical guidance to drive tangible results. This is what makes us Beca.

5 Digital Delivery:

We use digital solutions to deliver information, not just data, tailored to your needs by leveraging cutting-edge technology to maximise accessibility, accuracy, and efficiency in sharing valuable insights.

6 Sustainable Outcomes:

We're here to help you maximise the environmental and social outcomes from your projects and solutions by creating smarter, more adaptable and resilient long-term solutions to make everyday better for future generations.

By integrating these elements into our advisory approach, **we empower organisations** to navigate challenges, capitalise on opportunities and achieve sustainable growth in an ever-evolving landscape.

Our Client Success Stories

Our success is best reflected in the achievements of our clients. Here's what they had to say:

Beca has demonstrated to me, both in the field and over the years, a very wide range of qualities: a unique combination of method, rigor, and discipline, coupled with exceptional technical skills. If you need complex projects to be carried out, you will find in Beca a highly dedicated and effective partner.

ANTONIN BEURRIER:

Former member of the Vale Base Metals executive team, currently Sponsor of various industrial projects including EMME a Nickel refinery in France

I highly endorse Beca for their robust advisory abilities within the industrial sector. Their expertise, commitment, and capacity to tailor solutions have consistently left a positive impression on me. They possess a solid understanding of our requirements and offer valuable guidance and creative strategies, positioning them as a valuable partner for organizations in need of effective support.

JEAN FABRE:

Held many executive positions in the mining industry: CEO of COMILOG, VP Production at NMC, Senior VP at COGEMA

We were very impressed by Beca's responsiveness, professionalism and the quality of their deliverables (including digital tools). The approach was new to us and yielded great results.

We will recommend Beca's services to anyone and look forward to working with them again.

MARIE-AMÉLIE MOLIA:

CSR Director at GBNC

Pioneering Progress Together

Looking forward, our Industrial Advisory services are poised to propel our clients into new realms of efficiency and profitability. With a keen eye on the pulse of the industry and a heart for sustainable solutions, Beca is your partner in adapting to change and leading it.
